CAREER OBJECTIVE

Passionate and creative undergraduate with a focus on UI/UX and graphic design, looking for an entry-level opportunity to bring ideas to life through engaging and user-centered designs. With a background in game development during my OJT, I have gained experience in designing interfaces, improving user interaction, and solving design challenges. I am motivated to contribute fresh ideas, collaborate with teams, and continuously improve my design skills in a real-world setting.

EDUCATION

Cavite State University - Main Campus
Bachelor of Information Technology
2022 - Present

Tagaytay City National High School - Integrated Senior High School
Technical-Vocational-Livelihood - Information and Communications Technology
2020 - 2022

Palocpoc National High School
2016 - 2020

Mendez-Nuñez Montessori
2010 - 2016

EXPERIENCES

UI/UX Design Projects
Designed and prototyped user interfaces focused on improving usability, navigation, and overall user experience using tools like Figma.

Graphic Design Projects (JerseanGraphics)
Created visual designs including layouts, branding concepts, and digital graphics, showcasing creativity and design exploration.

Game Development (OJT Internship)
Developed game features and systems during internship experience, focusing on gameplay mechanics, UI implementation, and debugging.

Project Analysis
Assisted in organizing project tasks, tracking progress, and ensuring requirements were met. Helped improve workflow efficiency through documentation and coordination with team members.

SKILLS

- UI/UX Design
- Front-End Development
- Graphic Design
- Project Analysis
- Wireframing
- Prototyping
- Basic Video Editing
- Game Development

TOOLS USED

- Adobe Photoshop
- Canva
- Figma
- VS Code
- Capcut
- Godot
- Kittl
- GIMP
